

—■— NICE (a), NICE from the uniform start (b)
 —◆— exact condensation (a)

○ exact compliance of the NICE design (a)
 ◆ homogenisation design, NICE (b)

—●— NICE from the homogenisation design (b)
 final NICE value from the uniform start (b)

(a) Case A: $2 \times 2 \times 2$ block

(b) Plate B1: in-plane load

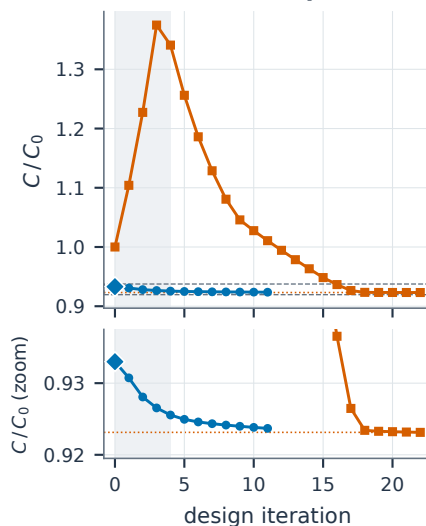

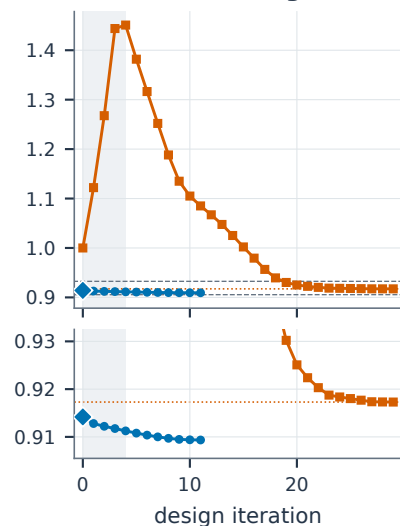

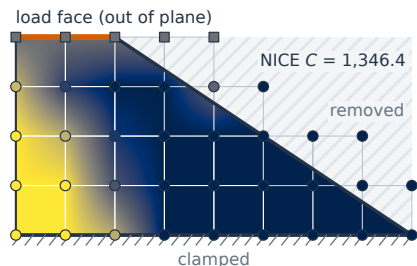

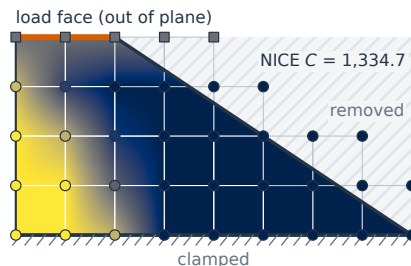

Plate B2: bending

(c) Final design B2

(d) Final design XH_z

(e) Scale demonstration

scale demonstration:
pending
